**FOR YOUR OWN SAFETY** please  
observe the following guidelines:

- Dogs must be kept on leads
- Children using the playground  
must be supervised at all times

- Do not climb walls, trees or fences
- Be aware of tree roots and other  
trip hazards

# Welcome to the Rural Life Living Museum

- 1 The Arcon Prefab & Stanton Shelter** – A typical post war Arcon MK IV prefab. Outside you will see a vegetable garden and a garden shed which has converted from a wartime Stanton air-raid shelter.
- 2 Henry's Yard** – This is the site of the original museum from which the Rural Life Living Museum grew. You will find here the Wealden iron furnace, the blacksmith's forge, domestic interiors from both the Victorian age and the 1930s as well as the brewing exhibition.
- 3 Tweedsmuir Polish Camp** – Located behind Henry's Yard you will find an exhibition on the Polish community that lived in the ex-military camp at Thursley from 1947 to the 1960s.
- 4 Smudgers** – A 1920s holiday chalet from Box Hill.
- 5 Seale Building** – Pedestrian tractors and ploughs are on display here.
- 6 Granary** – Holds a selection of artefacts related to milling.
- 7 Waggon Shed** – Waggon from agricultural to transport.
- 8 Gibbs Building** – This holds the Ransome collection of machinery.
- 9 The Gypsy Caravan** – For protection, this is kept under cover in the Gibbs building.
- 10 Shepherd's Hut** – A typical moveable hut used by shepherds, particularly during lambing time.
- 11 Churt Building** – Contains a shepherding exhibition and a wood-turner's workshop which you can see in action on some weekends. There is also a video providing more information about the museum as well as items from the Gibbs collection.
- 12 Tilford Building** – This large building displays example Victorian shop fronts including a cobblers, a butcher's, a bakery, a wheelwright shop etc. There is also a WWII collection, a large dolls house and a horse drawn vehicle collection.
- 13 Anderson Shelter** – A domestic shelter from World War II.
- 14 Plough Gallery** – Some of the ploughs from our extensive collection are on display here.
- 15 Brick Carver & Hand Tool Display** – The tools of many trades from ditching to thatching are housed in here.
- 16 Laundry** – This is a rare survivor from Weybourne and is used in our washday demonstrations for schools visits and other events.
- 17 Frensham Building** – Houses a corn handling area, threshing machine, elevator, small carts, fire engines, timber handling machinery and a stable.
- 18 Village Hall** – Came from Lindford near Bordon.
- 19 Eashing Chapel** – The non-conformist chapel contains a harmonium, lectern and WW1 memorial.
- 20 School Room** – Built in 1902 from corrugated iron, the School Room and recovered from the school in the neighbouring Bourne village in 2004.
- 21 Madge's Waggon Shed** – Built in memory of one of the museum's founders. This building has hop processing and large agricultural machinery on view.
- 22 The Cricket Pavilion** – Moved from Holloway Hill recreation ground in Godalming.
- 23 Deeks Cycle Shop** – The cycle shop and workshop from Frimley Green is a good example of how rural businesses evolved with changes in transport from the late 19th Century.
- 24 Carpentry Workshop** – Houses a wide range of hand tools and trade equipment for carpentry, engineering and plumbing.
- 25 Bourne Building** – Holds a display of various farm and horticultural tools as well as traps.
- 26 Wood Yard** – On selected weekends you can see the saw-bench and associated machinery being demonstrated. There is also a living van for a woodman who lived in the New Forest.
- 27 Sands Building** – Holds a machinery gallery and stationary engines.
- 28 Telephone Kiosk and Post Box** – So different from modern communication!
- 29 Water Pump** – Built by Duke & Ockenden around 1905, the 'Dando' Water Pump is unusual for its fancy ironwork.

*And don't forget the playground, the shop, and the cafe!*

*Thank you for visiting the Rural Life Living Museum.*

We look forward to seeing you again soon – have a safe journey home.
